bluesign®

APPROVED PRODUCT LIST

UPDATED_30102025

bluesign® APPROVED

AUXILIARIES	
ANTIFELT XP	dispersing agent, lubricant and anti-felting agent for fabrics in wool and woold blends
ANTIFOAM T J	silicone antifoam
ESSENZA HSZ 204 TALCO	perfumed liquid fragrance
GREENFINISH CD	modified natural polymer
KATALIN MO	catalyst composition for use with condensation resins
KATALIN PP	activator for bleaching with Potassium Permanganate
KATALIN S/CL NEW	cross-linking eco-friendly formaldehyde free for resins & polimers on garments and fabric
KATALIN SKY WHITE	eco-sustainable catalyst for denim bleaching
KATALIN SNF	specific catalyst for silicone water repellent, specific for cotton, wool and blends
LUBRIFIL 2BT	anti-crease lubricant used to prevent rope marks, creasing, abrasion and chafe marks
LUBRIFIL LAF	lubricant, softener to prevent rope marks, creasing, abrasion and chafe marks and anti-crease agent
LUBRIFIL LHC	concentrated anti-crease at low foaming
LUBRIFIL LV	lubricating/softening agent, displays detergent and dispersing properties
LUBRIFIL NYL	hydrophilising agent and anti-crease lubricant with softening and smoothening effect
LUBRIFIL PPW	lubricant and sliding agent for cellulosic fibres and their blends
NAIFELT NM	detergent and milling assistant for wool and its blends
NAIGARD 2F	water-repellent polymer on cellulosic fibres
NAIGARD 2F-SR	"dual action" polymer water-repellent and soil release fluorine free, specific for cellulosic fibres
NAIGARD FF-MW	special water-repellent fluorine free – high durability to washing
NAIGARD WSR	special water repellent – Fluorine free
NAISTAT 1350	special product for antistatic finishing of polyester and polyester blends
NAISTAT 2P20	non-ionic antistatic agent, soluble in water, non-substantive, for all fibres
NEARBLEACH AFB	bleaching agent alternative to Potassium Permanganate
NEARBLEACH AW	bleaching compound for sustainable "acid wash" treatment
NEARBLEACH AW-G	bleaching compound for sustainable "acid wash" treatment
NEARBLEACH E-BRIGHT	eco-sustainable discoloration of denim garment
NEARBLEACH E-CLOUD	eco-sustainable product for denim garment discoloration
NEARBLEACH ECO-LT	laccase enzyme for the decolourisation of denim at low temperature
NEARBLEACH SKY WHITE	eco-sustainable product for denim bleaching
NEARBOOSTER HL	product for removal and discharge of Reactive dyestuffs – Old Fashioned Look
NEARBOOSTER NY	yellowing inhibitor for laser engraving
NEARBOOSTER RVG	activator for laser engraving
NEARCAND CBT	bleaching compound at low temperature of cotton yarn / sulphur black denim bleaching
NEARCAND EASY BLACK	bleaching compound for Sulphur black dyed garments
NEARCAND NCP	alkaline generator of oxygen

NEARCAND NCP CONC	alkaline generator of oxygen
NEARCAND NPY	special protective agent for use in finishing to avoid phenolic yellowing
NEARCAND OB-PK	sequestering, detergent and peroxide stabiliser with OBA – low foaming
NEARCAND OP EXTRA	detergent, sequestering agent, peroxide stabiliser and alkali, all-in-one product
NEARCAND OP-LF	detergent, sequestering agent, peroxide stabiliser and alkali, all-in-one product
NEARCAND OP-VB	detergent, sequestering agent, peroxide stabiliser and alkali, all-in-one product
NEARCAND OP-W	low foam formulation of sequestering agent, detergent, peroxide stabiliser and alkali all-in-one
NEARCAND PC 15	alkaline generator of oxygen
NEARCAND SW	soaping agent with whitening action
NEARCARRIER HD 7030	carrier for the dyeing of polyester and its blends at temperatures between 98-130°C
NEARCHEL AS/B	neutralising agent in processes at the end of bleaching, mercerizing, alkaline scouring and dyeing with Reactive, Vat and Sulphur dyes and on denim fabrics
NEARCHEL DLM	neutralising, dispersing agent with high threshold effect
NEARCHEL N50	sequestering and dispersing agent
NEARCHEL NCH	aqueous based corrosion inhibitor, free from secondary amines
NEARCHEL TMC	sequestering & dispersing agent particularly suitable for bleaching process,mercerization of cellulosic fibres, dyeing, soaping and stripping process
NEARCLEAR ECO WASH	enzyme to clean denim pieces after stone wash treatment
NEARCLEAR KP ECO	reducing agent for garment treated with Potassium Permanganate
NEARCLEAR PES	product specifically for the removal of oligomers in the dyeing and stripping of polyester fabrics
NEARFIL CWN	special low-foam wetting agent
NEARFIL F2A	de-aerating wetting agent and antifoam for general use
NEARFIL FAC	de-aerating agent for bleaching, scouring and dyeing processes for natural, synthetic and animal fibres
NEARFIL FB-RW	ecological wetting agent, foam free, specifically formulated for dyeing with Vat dyestuffs
NEARFIL FLR	special thermodegradable wetting agent
NEARFIL FT-BS	special wetting and deaerating agent
NEARFIL IPS	wetting agent in chlorine wool treatment
NEARFIL PO	special non-ionic wetting agent suitable for all fibres and their blends
NEARFIL SRN	wetting deaerating agent at high application performance
NEARFINISH 111/R	self cross-linking acrylic polymer
NEARFINISH 2M LF	anti-felting agent for articles in wool and wool blends without pre-chlorination
NEARFINISH CF 622	silicone softener emulsion
NEARFINISH CL/NF	zero formaldehyde compound for producing soft and shiny effects without pressing
NEARFINISH CLS	softener, AEEA free, with sliding and anti-static effect
NEARFINISH EDM	thermostable finishing product and anti-static agent free from AEEA
NEARFINISH E-FRESH	biocide free, long lasting odour neutralizing finishing
NEARFINISH FDE	elastomeric compound free from amino ethyl ethanolamine (AEEA)

NEARFINISH GLOSS 770 140%	compound for producing shiny effects fast to washing
NEARFINISH H 40	special silicone hydrophilic compound
NEARFINISH HPU	product based on polyurethane resin - Formaldehyde free
NEARFINISH HSM	silicone softener emulsion
NEARFINISH JPB	high quality elastomeric finish, conferring a very soft handle and elasticity
NEARFINISH MDS NEW	macroemulsion silicone softener for finishing of all fibres
NEARFINISH MEK	monocomponent elastomer for permanent finishes
NEARFINISH MLD/NF	self-crosslinking acrylic binder of medium softness, Zero Formaldehyde
NEARFINISH MBO	macro-emulsion silicone softener for the finishing of all fibres
NEARFINISH NPU	dispersion of polyurethane resin
NEARFINISH P/BE	compound to produce shiny and two-tone effects without pressing
NEARFINISH P2M	hydrophilising agent for "moisture management" treatments on fabrics in nylon and nylon blends
NEARFINISH PL 963	special terpolymer resilient, whippy and stretchy effects
NEARFINISH PNZ	special copolymer reinforcing and finishing for cotton/viscose fabrics and blends
NEARFINISH PU 96	stable emulsion of polyurethane
NEARFINISH PU NH	product based on polyurethane resin - Formaldehyde free
NEARFINISH PU-SN	special polyurethane for application by padding and in coating
NEARFINISH S60	concentrated silicone microemulsion, ready for dilution in water
NEARFINISH SK-LS	special compound for producing "graffiti laser" effects on garments
NEARFINISH SM/40	elastomer for finishing of natural, artificial and synthetic fibres
NEARFINISH SX	self-crosslinking acrylic copolymer
NEARFINISH TCH	hydrophilic softener
NEARFINISH TS9	special silicone handle modifier
NEARFINISH VAS	vinyl acetate dispersion self-crosslinking
NEARFINISH WFA	anti-felting agent for articles in wool and wool blends without pre-chlorination
NEARFIX A PS ECO	selected fixing agent with Bisphenol S <0,1% for acid/pre-metallised dyes on nylon
NEARFIX CH	fixing agent of reactive dyes on cellulosic fibres resistant to chlorine
NEARFIX FRK	fixing agent for improving rubbing fastness of Reactive, Pigment and Indigo dyes – Formaldehyde free
NEARFIX N ECO	natural fixing agent free from Bisphenols, Formaldehyde and Phenol, for acid/pre-metallized dyes on nylon stable to acids
NEARFIX PF NEW	cross-linking polymer with fixing action
NEARFIX RA-N	special synthetic tanning agent for acid dyes and 1:1, 1:2 metal complex dyes on polyamide fibres
NEARFIX RTS	formaldehyde-free fixing agent to increase the fastness of dyes
NEARFIX S/2D	fixing agent for the dyeing of indigo on cellulosic fibres. Recommended on fabrics and garments
NEARFIX SF	formaldehyde-free fixing agent
NEARGAL AD NEW	special high active content acid donor
NEARGAL AD TB	special high concentration acid donor

NEARGAL C 33/L	levelling and multipurpose soaping agent with anionic dyestuffs
NEARGAL CO	dispersing and levelling agent for the dyeing of Direct, Reactive and Disperse dyes
NEARGAL DN	dispersing agent for the dyeing of polyester and polyester blended fabrics with Disperse dyes
NEARGAL DRT	reserving/levelling agent for dyeing of cellulosic, proteic and synthetic complex blends
NEARGAL LS-PA	levelling agent for dyeing of nylon, wool and silk with pre-metallized and acid dyes
NEARGAL LTA-N	levelling agent for the dyeing of wool at low temperature
NEARGAL LU-SRV	levelling agent for Vat, Direct and Reactive dyes applied on cellulosic and blended fibres
NEARGAL NCD	levelling agent for dyeing with acid 1:1 and 1:2 pre-metallised dyestuffs
NEARGAL N-ICE	special fixing adjuvant for selected Reactive dyes from the Nearwash RCL range
NEARGAL NS NF LIQ.	product with a strong dispersing and anti-binder power for dyeing with disperse and indanthrene dyestuffs (formaldehyde <20 ppm)
NEARGAL OA 30	special levelling agent designed for application of Vat and Direct dyestuffs
NEARGAL PQC	levelling agent for dyeing wool, silk and nylon with Reactive, pre-metallised and acid dyes
NEARGAL SBX	reserving/levelling agent for polyamide fibres in dyeing of wool blends
NEARGAL SD-PE	levelling, retarding and suspending agent for oligomers
NEARGAL VRX	wetting, levelling, antifrosting agent recommended in Vigoureux printing and printing of wool and its blends
NEARGAL WLI	levelling and dispersing agent for dyeing with Direct, Reactive and pre-metallized dyestuffs
NEARISERVE BHW	anti-backstaining dispersing and soaping agent in stone wash treatment on made-up garments
NEARISERVE DHW 750	anti-backstaining agent, dispersing and soil suspending agent for stone washing of denim garments dyed with indigo and sulphur dyes
NEARISERVE D-SW	anti-backstaining, dispersing and soaping agent in stone wash treatment on made-up garments
NEARISERVE ECO PEARL	concentrated anti-backstaining dispersing agent for use in stone wash treatment on denim, stable to hard water
NEARISERVE ECO-RS LIQ.	soaping and reserving agent for dyeings and prints made with Reactive dyes
NEARISERVE FBT	reducing agent for the stripping of Acid, Direct and Reactive dyes
NEARISERVE S/TB	reducing agent specific for dyeing & reduction clearing in acid dyebath
NEAROPTIC BSW	tinted fluorescent whitening agent for cellulosic fibres in concentrated powder form
NEAROPTIC LNC	optical brightener agent specifically for cellulosic fibres
NEAROPTIC NWP	optical brightener polyamide, silk, wool and blends of polyamide/cellulosic fibres
NEARPOL 353	synthetic wax – finishing for cellulosic and regenerated fibres, natural, synthetic fibres and their blends
NEARPOL 400	antistatic / handle modifier
NEARPON BW-LF	low foam detergent, specifically for the preparation of cotton and its blends with synthetic fibres
NEARPON CLFM	high performance detergent specifically developed for the preparation and bleaching of fabric
NEARPON ECO-ST	suspending and dispersing agent
NEARPON EMS	special low foam, biodegradable product, specifically for the preparation of cotton and synthetic fibres in exhaust application processes

NEARPON GHS	multipurpose detergent for all types of fibres
NEARPON KR	concentrated solvent containing detergent and emulsifiying agent
NEARPON MWO	detergent, emulsifying agent and agent to prevent redeposition for natural and synthetic fibres
NEARPON T/CM	compound of stabilizer, sequestering and wetting agent for alkaline bleaching with hydrogen peroxide
NEARPON T CP	low foam auxiliary for cotton and blends with synthetic fibres
NEARPON TK-R	solvent detergent for the scouring of synthetic fibres and blends for pre-treatment of stretch garments
NEARPON UCM	stabiliser, sequestering and wetting agent, all-in-one compound for alkaline bleaching with hydrogen peroxide
NEARPON WD/N	detergent and wetting agent for the preparation of fibres to be dyed
NEARPRINT UF/N	hydrotrope, special generator of moisture for the printing and steam fixation of Reactive dyes
NEARPRINT VN NEW	lubricant emulsion for print pastes
NEARPRINT WD 6	thickening agent for printing with acid dyes, pre-metallised and disperse dyes
NEARPRINT WHITE MC	white paste for printing and serygraphy
NEARSOPHT 538	bio-based softener renewable vegetal resources high bio-degradability free from surfactants swollen & tender touch
NEARSOPHT NI	special softening for cellulose, protein and synthetic fibres
NEARSOPHT QHC	hydrophilic softener for fabrics and articles in terry towelling
NEARSOPHT SBE	compound soft blend Eco-bio-based from renewable vegetal resources
NEARSOPHT SCA 100	softener, antistatic agent, free from AEEA, for acrylic, wool and cellulosic fibres and their blends
NEARSOPHT SFP 100	softener, antistatic agent bio-based from renewable resources, yarn conditioning agent
NEARSOPHT WO3	special softener anti-ozone phenomena on denim garment
NEARSTABIL C3M	peroxide stabiliser for bleaching of cellulosic fibres and their blends, especially in continuous pad-steam and pad-batch applications
NEARSTABIL CL LIQ.	stabiliser for bleaching with sodium chlorite
NEARSTONE AE-N	enzymatic product for the stone wash treatment of indigo-dyed denim and sulphur black-dyed fabrics at low temperature
NEARSTONE BP 30	special liquid neutral enzyme for enzymatic bio-polishing active at 30°C
NEARSTONE BRX	reactive polymer to obtain special effects on made-up garments in cotton, viscose and blends
NEARSTONE GPE	combined enzyme for treatment of desizing and simultaneous stone wash
NEARSTONE MINERAL	abrasive compound for sustainable stone wash treatment
NEARSTONE PL-HV	enzymatic compound for garments made with Sulphur black denim fabrics treatment and for bio-finish process of cellulosic and artificial fibres
NEARSTONE RG90 PLUS	special liquid neutral enzyme for enzymatic bio-polishing
NEARSTONE RPN	liquid neutral enzyme
NEARSTONE RP 78	special liquid neutral enzyme for enzymatic bio-polishing
NEARSTONE SRE 62	liquid enzyme compound for pumice stones replacement in denim washing
NEARSTONE ZERO	enzymatic product for sustainable stone wash treatment
NEARVIL LC50	concentrated elastic copolymer filling finish for cellulosic and protein fibres
NEARWAX PAR	lubricant and waxing finishing agent
NEARZIM 610	high active content desizing enzyme

NOFELDING LF	reactive resin for fabrics and garments ennobling at low formaldehyde content
NOFELDING RTV	formaldehyde-free resin for resin treatment and 3D effects on garments, and cross-linkable easy-care finishing at low temperature
NOFELDING V-NF	resin for 3D finishing on garments, free from Formaldehyde
NOFELDING WF	reactive resin for Zero Formaldehyde finishing of cellulosic fibres and their blends with synthetic fibres
NOSLIT ANL	antislip finish prevents thread slippage and improve seam strength of woven fabrics for all fibres and their blends
NOSLIT RB	antislip agent compatible with water repellent treatments and conferring a soft handle
RISERVE TPL	soaping and reserving agent for printed fabrics in wool, nylon and silk
VAIGAL PLS	levelling product for wool, silk, nylon and their blends, and cellulose fibre dyed with Direct dyestuffs
